TUFF TORQ EMPLOYEES HELP RAISE FUNDS FOR CANCER RESEARCH THRU AMERICAN CANCER SOCIETY

MORRISTOWN, TN – Employees of Tuff Torq Corporation have teamed together to raise research money for American Cancer Society’s RELAY FOR LIFE fundraising event. According to Lisa Ward and Debra Carpenter, who organized the internal effort for TTC, over \$5,000 have been raised to date by Tuff Torq associates. In addition to the Relay for Life walk, TTC employees participated in bake sales and hot dog meals for shift workers and hosted a huge yard sale. During the Relay for Life ceremony, three of TTC associates received special recognition as Cancer Survivors: Kim Hayes, Pam Stines and Judy Ward

“Thirty-two TTC employees participated in the walk,” says Ward, “and an additional five associates helped with the yard sale.”

By participating in the American Cancer Society Relay For Life® event in Morristown, TTC associates honor cancer survivors, pay tribute to the lives lost to the disease, and raise money to help fight it.

Much more than a walk around a track, Relay is a time to celebrate those who have battled cancer, remember those lost and get inspired to fight back. Those who have shared the same experience find common ground, hope and healing at Relay. When employee groups like TTC’s participate in fundraisers, it helps the American Cancer Society's progress toward a future where cancer doesn't take the lives of our friends and family.

Every dollar raised makes a difference to people in Morristown whose lives are touched by cancer. The Society has contributed to almost every major discovery in cancer research. Millions of lives have been saved as a result, including people you may know. For those people and countless others, the research the Society has funded is resulting in better ways to prevent, detect, and treat cancer.

Ward stressed that the Tuff Torq will still be collecting donations for this fundraiser through August 31, 2008, and they want to say thank you to everyone who has participated so far.
