

PRODUCT IDENTIFICATION

Tuff Torq Corporation (TUFF TORQ®) barcode labels are the only method to truly identify a product. Tuff Torq will be implementing a new barcode system in 2019. Below you find diagrams for both the current and future barcodes.

Current Barcode

Serial # / Model #

TUFF TORQ 7A646084502 S/N : 46CB0012000

MTD PN : 618-07211

The current barcode label is a rounded rectangle containing the text 'TUFF TORQ 7A646084502 S/N : 46CB0012000' and 'MTD PN : 618-07211'. A barcode is located below the text. The serial number '46CB0012000' is circled in red, with a red arrow pointing to it from the label 'Serial # / Model #'.

New Barcode, Effective 2019

Serial #

TUFF TORQ 7A646084502 S/N : AAX00000001

TTC MODEL: K46CB MTD PN: 618-07211

Model #

The new barcode label is a rounded rectangle containing the text 'TUFF TORQ 7A646084502 S/N : AAX00000001', 'TTC MODEL: K46CB', and 'MTD PN: 618-07211'. A barcode is located below the text. The serial number 'AAX00000001' is circled in red, with a red arrow pointing to it from the label 'Serial #'. The model number 'K46CB' is also circled in red, with a red arrow pointing to it from the label 'Model #'.
